### Moving Into Stillness

A Short Solo Dance & 2nd Fundraiser Concert  
Presented by dancer/choreographer Alicia Morton  
To The Music of Eric Satic

Tuesday, February 10, 7:30pm - 8:00pm

**Alicia Morton is a dancer and choreographer** based in Amherst, Massachusetts. Her training is in the modern dance technique of Martha Graham and she has studied many world dance forms such as Classical Japanese, Butoh, Flamenco, Middle Eastern, African, and Indian Dance. She is the founder and director of the performance company Aurora Dance, through which she teaches classes in modern dance.

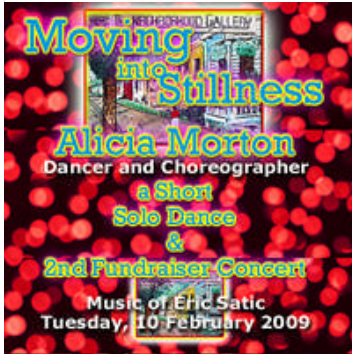

The Neighborhood Gallery has been presenting art in New Orleans for almost two decades. We believe that art is an expression of reality and hope interwoven with dreams and imagination that are unique to each artist. We value the contributions of our storytellers, dancers, singers, writers, painters, and sculptors. They capture the essence of our humanity, our history, and future.

We are proud to represent artists that speak and teach loudly through their art. For 21 years we have been able to create spaces that encourage the "common folk" to explore their talents and step out as artists. We refuse to wait for someone to give us a chance. We have created our own doors of opportunity and worked together to build an international network that supports one another.

Come visit us today! Thank you for your donations and support!
