*Is the balance of the world economy in the hands of the American voter?*

**“Because thou sayest, I am rich, and increased with goods, and have need of nothing; and knowest not that thou art wretched, and miserable, and poor, and blind, and naked: I counsel thee to buy of me gold tried in the fire, that thou mayest be rich; and white raiment, that thou mayest be clothed, and that the shame of thy nakedness do not appear; and anoint thine eyes with eyesalve, that thou mayest see. As many as I love, I rebuke and chasten: be zealous therefore, and repent.”**

**A**merican Election 2008 - 4. This devotional is about the [prophecy](#) of [E2](#): “McCain to win by a landslide,” found on the [Prophecy](#) page. Please read American Election 2008 -1-3; [September International Daily Devotional Archives](#). I want to tell you what I see as happening in this election and what Senator Obama can do to win or how if he moves the wrong way—large loss. There is more on Palin, but I will hold that for now.

I must tell you that I told [Dr. AC Brown](#) that if his prayers can change the world and world events, this is the time. Now, know this about [Dr. AC Brown](#), he is an Atlanta icon whose life was changed with an epiphany. God told me he was coming by the house and when he walked in the door

he said, “God told me to come see Allen.” I told him that God had told me that he was coming by that day. Anyway, know this about AC; he is imparting. Imparting is what elderly people do as they near going home.

[Dr. AC Brown](#) says that he has been praying for Obama. Now they are statistically in a dead heat, whatever that means to who ever it is to mean something to. But listen, when I speak of voting or the “vote,” I am speaking of that “magic moment” in the voting booth. You see, we all say one thing in public, sometimes the same thing at home or sometimes not the same thing at home as in public; sometimes we say the same things in public as we do in church—the point here is... people often say one thing one place and do another in another place... that is what is to happen in the voting booth, during that “magical moment” when people see that they are choosing the person to run the ENTIRE WORLD. So when you hear me say the word, “VOTE” I am talking about that action during that “magic moment,” not what ANYONE is saying how they will do anything now.

Now is now, November is November; how you say you vote and how you really vote will not be told until your heart is approached with a world-impacting decision (like you don’t do that everyday) like choosing the leader of the free world.

Here goes: Biden is looking for that next free lunch. He knows that he was invited to one big party because white males in this country know that white men will not elect a black president any time soon (unless he is in their pockets (hear: beds)). Do not think “race” here, think “socio-economics” (hear: class or) classism not racism. People with money, like their money (just like you do) and they want to keep it that way. So people with money, THE FAMILIES who run America will only have one in office who is on the TEAM (Together [the] Elite Achieve More). I digress.

Now, remember in American Election Two, I told you the plight of [basically] white American women: their dilemma. White men do not have a dilemma but they must learn humility in sharing, but let me not digress here. How can I say white males are not ready? Imagine if you will a map of the United States. The color of the map is green. The major cities are designated with black dots. Let's take a city, let's say Chicago; hi Oprah. Chicago is Chicago, designated by black. America is the green part.

Let me say it again. New York is New York. America is green. New York is represented by that black dot. New York votes its way. America votes its way. The green part of the map is America, that America will support McCain with votes. Why? Because if the times were prosperous in America Obama would win by a landslide, but due to economic poor times, the worse times since and before the Great Depression. And more to come! But because times are bad, you cannot beat that old gray head of hair on anyone's head, Black, White, Yellow, or Brown — real or imagined—an exuberate, whipper-snapper or a seasoned veteran.

Biden is on a free ride; his heart is not in it. His eyes are set forward to something other than the Vice Presidency; the office would bruise his "male ego" (hear: white American male ego.) (TO BE CONTINUED)
